

ICAO

Fundamentals of Security Culture

2–3 hours e-Learning

Course Specialisation: Aviation Security

Course Overview

In partnership with CAA International, ICAO has produced an interactive *Fundamentals of Security Culture* e-learning training package to provide users with a comprehensive understanding of security culture and its importance in an aviation environment.

The e-learning training takes approximately 2-3 hours to complete, with users receiving an ICAO certificate upon successful completion of the course. There is no cost or fee to take this training.

Who Should Attend

The e-learning training is available in different modules for non-security staff, security staff, and senior managers and is suitable for personnel working for Appropriate Authorities, Airport Operators, Aircraft Operators, Regulated Cargo Agents, Regulated In-flight Suppliers, Customs Agencies, Border Control Agencies and Law Enforcement Agencies. This e-learning training is relevant to all staff who work in the aviation environment, e.g., cleaners, retail assistants and taxi drivers.

On registration, participants will be asked if they are **non-security staff**, **security staff**, or **senior managers** in order to direct users to the appropriate course material.

Course Objectives

- Educating staff on improving their security performance;
- Encouraging good security practices and knowing what to do when incorrect practices are observed;
- Understanding the wider benefits of a positive security culture; and
- Appreciating how to build and maintain a secure airport environment.

Key Topics/Modules

- Understanding security culture
- Making security matter
- Getting involved

Prerequisites

There are no prerequisites for this course.
